

Digital Learning

Digital Technology for Years 7 - 12 Students

St Joseph's School, Northam is a school designed to prepare students for learning in the 21st Century.

The use of 1-1 iPads/Laptops will greatly enhance student learning as they begin their journey into secondary schooling.

Each student learns in their own way at their own pace and digital technology will support the individual learner, regardless of ability or motivation and the love of learning stays with them for a lifetime.

Each student will be required to have their own Device at school from the commencement of Week 1, Term 1, for that school year.

Students in Years 7 - 9 are required to have their own iPad

Students in Years 10 - 12 are encouraged to use a Laptop
(particularly if ATAR bound)

Why iPads in lower secondary?

- Potential to transform learning
- Anywhere, anytime learning
- Personal device, personalising learning
- Tool for creativity
- Collaborative research environment
- Capacity for delivery of online digital content
- Educational Apps
- Touch screen technology

Prior to bringing an individual iPad to school, students and parents must read, sign and return the ICT Policy: Student Acceptable Use Policy.

Device guidelines and purchasing options can be found in the Parent Information section of our website:
